

The diagram shows a square frame with a thick black border. In the center of the square is a black octagon. At each of the four corners of the square, there is a T-shaped structure. Each T-shape consists of a horizontal bar and a vertical stem. The horizontal bars are positioned such that they touch the inner edges of the square frame. The vertical stems point towards the center of the square, ending near the central octagon. The entire structure is rendered in black on a white background.
